

## Sometimes

### My Bloody Valentine

Close my eyes  
Feel me now  
I don't know how you could not love me now  
You will know, with her feet down to the ground  
Over there, and I want true love to grow  
You can't hide, oh no, from the way I feel

Turn my head  
Into sound  
I don't know when I lay down on the ground  
You will find your hand down hurts to love  
Never cared, and the world turned hearts to love  
We will see, oh now, in a day or two

You will wait  
See me go  
I don't care, when you're head turned all along  
You will wait, when I turn my eyes around  
Overhead when I hold you next to me  
Overhead, to know the way I see

Close my eyes  
Feel me now  
I don't know, maybe you could not hurt me now  
Here alone, when I feel down too  
Over there, when I await true love for you  
You can hide, oh now, the way I do  
You can see, oh now, oh the way I do
