

When You Sleep

My Bloody Valentine

When I look at you
Oh, I don't know what's real
Once in a while
And you make me laugh
And I'll see you tomorrow
And it won't be long
Once in a while
Then you take me down
Then you walk away

When you said 'I do'
Oh, I don't believe you
I can't forget it, no
When you sleep tomorrow
And it won't be long
Once in a while
When you make me smile
And you turn your long blond hair

When I look at you
Oh, I don't know what's real
Once in a while
And you make me laugh
And I'll see you tomorrow
And it won't be long
Once in a while
Then you take me down
Then you walk away
