

## You Made Me Realise

My Bloody Valentine

What did you say you'd find  
Then come, come, come, get the hell inside  
You can close your eyes  
Well, you might as well commit suicide

Wait for me 'cause I waited for you  
No, that's not what you should do  
Don't hate me 'cause I don't hate you  
Insane eyes  
You made me realise

Something in you died  
Well, no, no, no, no, no fault of mine  
Something in you died  
Well, no, no, no, no, no fault of mine

Make the hell out of what you can see  
Maybe then you'll not hang beside me  
Don't ask me 'cause I cannot see  
Insane eyes  
You made me realise

What did you say you'd find  
Then come, come, come, get the hell inside  
You can close your eyes  
Well, you might as well commit suicide

Wait for me 'cause I waited for you  
No, that's not what you should do  
Don't hate me 'cause I don't know you  
Insane eyes  
You made me realise
