

## Apples

### My Brightest Diamond

Sometimes in the spring time  
I like to see the apple blossoms with you  
Sometimes in the winter  
I like to see snow falling with you

Once we took apples from my grandfather's tree  
But I had nowhere to plant the seed  
So we baked them with sugar  
And we ate them

Sometimes on Saturdays  
When it's raining we do laundry  
Especially when I like to watch you  
Fold so carefully the clothes  
Especially when I like to watch you  
Move your fingers slow
