

Bulletproof Heart

My Chemical Romance

Gravity

Don't mean too much to me
I'm who I've got to be
These pigs are after me, after you
Run away, like it was yesterday
And we could run away, if we could run away
Run away from here

I got a bulletproof heart
You got a hollow-point smile
Me and your runaway scars
Got a photograph dream on the getaway mile

Let's blow a hole in this town
And do our talking with a laser beam
Gunning out of this place in a bullet's embrace
Then we'll do it again

How can they say?
"Jenny could you come back home?"
Cause everybody knows you don't
Ever wanna come back
Let me be the one to save you

Gravity

Don't mean too much to me
I'm who I've got to be
These pigs are after me, after you
Run away, like it was yesterday
When we could run away, when we could run away
Run away from here

I'm shooting out of this room
Because I sure don't like the company
Stop your preaching right there
Cause I really don't care
And I'll do it again

So get me out of my head
Cause it's getting kind of cramped you know
Coming ready or not
When the motor gets hot
We can do it again

The papers say
"Johnny won't you come back home?"
Cause everybody knows you don't
Want to give yourself up then tell the truth
And God will save you

Gravity

Don't mean too much to me
I'm who I've got to be
These pigs are after me, after you
Run away, like it was yesterday
And we could run away, if we could run away
Run away from here

And though I know how much you hate this
Are you gonna be the one to save us
From the black and hopeless feeling?
Will you mean it when the end comes reeling?

Hold your heart into this darkness
Will it ever be the light to shine you out
Or fail and leave you stranded?
I ain't gonna be the one left standing
You ain't gonna be the one left standing
We ain't gonna be the ones left standing

Gravity
Don't mean too much to me
Is this our destiny?
This world is after me, after you
Run away, like it was yesterday
And we could run away,
Run away, run away
Run away from here

Yeah
Away from here
Away from here
