

# The Light Behind Your Eyes

My Chemical Romance

So long to all of my friends  
Everyone of them met tragic ends  
With every passing day  
I'd be lying if I didn't say  
That I miss them all tonight  
And if they only knew what I would say

If I could be with you tonight  
I would sing you to sleep  
Never let them take the light behind your eyes  
One day I'll lose this fight  
As we fade in the dark  
Just remember you will always burn as bright

Be strong and hold my hand  
Time becomes for us, you'll understand  
We'll say goodbye today  
And we're sorry how it ends this way  
If you promise not to cry  
Then I'll tell you just what I would say

If I could be with you tonight  
I would sing you to sleep  
Never let them take the light behind your eyes  
I'll fail and lose this fight  
Never fade in the dark  
Just remember you will always burn as bright

The light behind your eyes  
The light behind your

Sometimes we must grow stronger and  
You can't be stronger in the dark  
When I'm here, no longer  
You must be stronger and

If I could be with you tonight  
I would sing you to sleep  
Never let them take the light behind your eyes  
I failed and lost this fight  
Never fade in the dark  
Just remember you will always burn as bright

The light behind your eyes  
The light behind your eyes  
The light behind your eyes  
The light behind your eyes

The light behind your eyes  
The light behind your eyes  
The light behind your eyes  
The light behind your eyes  
The light behind your eyes
