

Sear Me III

My Dying Bride

Come to me
Comfort me
Take my hand

In your arms
In your eyes
I will be
Forever yours
Bring me down
To your bed
To your dreams

Take my life
Take everything
Through those meadows
Of heaven
Where we ran forevermore
I wish, oh, how I wish again
With you. Oh, to be with you

So lay me down
Close to you
Hold me now my lover
I kiss your tears
My sweet one
And kiss again, my love
