

## Sear Me III

## My Dying Bride

Come to me  
Comfort me  
Take my hand

In your arms  
In your eyes  
I will be  
Forever yours  
Bring me down  
To your bed  
To your dreams

Take my life  
Take everything  
Through those meadows  
Of heaven  
Where we ran forevermore  
I wish, oh, how I wish again  
With you. Oh, to be with you

So lay me down  
Close to you  
Hold me now my lover  
I kiss your tears  
My sweet one  
And kiss again, my love
