The Return of the Beautiful

My Dying Bride

Oh beautiful earth
For too long you have been silent
Touch me once again
The dark ground lies cold
Et gelidus hoc voluntas firmamentum

Hark
Yes it is I
The fever of mankind
Urges whorish as ever
I am the new Christ
Silence yourself
Nunquam
You are powerless here
Pityful one
Pity me not
Give back the sun
Souls will mourn
In this unending season of darkness
Beware, ravaged one
Mine is the might

If you're feeble, turn away No dagger glints in my hand Technique is secret Liar She have herself to me

Please leave
I think I'll close my eyes now
The first sunshine was mine
Look for me among the flowers
Sleeping with the earth
My Dying Bride
The pity I fashion
Through a rain of tears

A tragic opus Immeasurable loss Tearful I rest Bask in my growing sorrow

The females is such exquisite hell Lay my obscure hands upon you Macabre, erotica, passion Even in death, beauty is with you

I extol you with loud praise You will grace my procession Why shouldn't I indulge In my own desires?

Bare your breasts to slow kisses

Away bastard dog Nunquam

Down from your throne Nunquam A dagger glints in my hand Am I afraid? You'll perish alone Ha

Pray to me
Blasphemy
Cry on me
Die on me
Let me out
Let me out
Let me out
Let me out

Suffer in your nakedness
Before your dark art
The filth and the stench of you I cry for you
Is hell in itself

Your reign is over now
The sunlight will return
To this once pertified earth
Ego deicere tu pereant

[The Return]

Make me faint with with unending kisses My passions have all returned Warm my trembling hands We're scope for the tragedians

I can see from your smile You're not here for the sunset
