

Babylon Drifter

My Life with the Thrill Kill Kult

Too wild to possess, maverick Babylon drifter

In love with a spy and the ultimate weapon
She'll pay the price just to make it happen
Passion plays through dangerous vision
Stayin' alive is just part of the mission

In love with the spy and the Babylon drifter
He'll pay the price just to make it with her
Poloroids capture their synthetic moods
Chained by desire, he's the vortex of cool

Too wild to possess, maverick Babylon drifter
Babylon drifter, maverick Babylon drifter

The methods of mad men hold deadly conviction
The secrets of pleasure fall slave to addiction
A girl needs a gun like a boy needs a girl
But crimes of the heart have no place in their world

In love with a spy and the ultimate weapon
She'll pay the price just to make it happen
Poloroids capture their synthetic moods
Chained by desire, he's the vortex of cool

Stayin' alive is just part of the mission
Stayin' alive is just part of the mission
