

## Electrical Soul Wish

### My Life with the Thrill Kill Kult

I saw Miss Hate assisting a suicide, in fate-colored glasses  
She thirsts for beauty  
Her teeth to the wind  
I ran for my life, Lilith, my sweet  
Come and take me  
Electrical soul wish  
Hold me in your arms  
A place beyond shame is where we belong  
Electrical soul wish  
Electrical soul wish  
You expect nothing from me  
Mecca for all  
Saying Mecca for all  
Slay it with flowers of cruel destiny  
Yearning for the last temptation
