

## Savage Sixteen

### My Life with the Thrill Kill Kult

Baby blue heart  
Where are ya goin' now?  
Caged and sober in medication candyland

You are the night-bird  
You like it wild  
Leave the moment, untie the rope  
You know the dope

Snake pit mix-up addict imitation  
Classic model, strutting down the neon drag  
Savaged sixteen

Third-rate yes-men, deadly stroking fate again  
Crushing-head king-size pussy  
Cinderella cries...
