

# Aluminum Park

## My Morning Jacket

You can care if you wanna  
You can care if you don't  
But c'mon it's a big big world now  
You gotta get what you want

Got no lack of frustration  
Got no lack of disease  
But c'mon it's a big, big world now  
You gotta like what you see, and I do

Well you can ride, ride, ride on down to the aluminum park  
Well you can ride, ride, ride on down with your head in the dark  
Well, it's a little bit important to me, you get a whole lot of  
what you need  
So you can ride, ride, ride on down to the aluminum park

Ride!

You can care if you wanna  
You can care if you don't  
But c'mon it's a big big world now  
You've gotta get what you want

Got no lack of frustration  
Got no lack of disease  
C'mon it's a big, big world now  
You gotta like what you see, and I do

Well you can ride, ride, ride on down to the aluminum park  
Well you can ride, ride, ride on down with your head in the dark  
Oh, it's a little bit important to me, you get a whole lot of  
what you need  
So you can ride, ride, ride on down to the aluminum park  
Yeah, you can ride, ride, ride on down to the aluminum park  
Well, you can ride on down, hey

Ride!
