## **Slow Slow Tune**

## **My Morning Jacket**

Slow, not the meter of today But I'm not singing for night anyway This slow, slow tune

You, somewhere in the future listening I hope the present for you is glistening With notes that ring so true This slow, slow tune Slow, slow tune

Slow, daddy's playing just for you The tempo's right, I'm in a mellow mood Ooh, this slow, slow tune

Gotta radiate the gold Gotta radiate the gold Gotta radiate the gold

True, daddy is singing just for you Do you hear 'em baby anymore? Now that you've outgrown this slow, slow tune

Cold, wear for me that all you own You decide the pace, you set the tone Your future now your own This slow, slow tune Slow, slow tune
