

After Calais

My Passion

Night time
Catches
Open
It's quiet over here
Daytime
Watches
Over
So shed a little tear

After Calais
There's nothing left to fear
After Calais
There's nothing else

Darkness
Washes
Over
The figure on the pier
Winter
Brushes
Solo
A temperamental year

After Calais
There's nothing left to fear
After Calais
There's nothing else

Night time catches
