

Booman

My Passion

The boo man is changing
The voice that I'm hearing
The boo man is walking
Get out of here

Walk
Don't walk
Don't stand
Don't stand
Talk
Don't talk
Don't move
Don't move

The boo man is talking
One voice in a million
The boo man is falling
Drop out of here

Walk
Don't walk
Don't stand
Don't stand
Talk
Don't talk
Don't move
Don't move

I want your one next to me
I want your one now
I want your one next to me
I want your one now

Who's afraid of hell
Who's afraid of heaven
You can bite the knife
You can bite the knife
