

## Sanctuary

## My Ruin

Dis...honest  
you came with your first kiss  
blue eyes sold me your heavenly presence  
something was suffocating me...couldn't breath  
had no idea that you would ever deceive  
i tried to believe all the things that you taught me  
christ like images of truth...they straight got me  
now watch me drown in sadness  
my lungs gasp for air cause i let you stab this...  
Heart...and rip apart wounds that exist  
deeper and darker  
than any words i could spit  
all is shit  
and it will never be well  
because the fires that burn  
are my never ending .... Hell

Is this what you call god?  
Your faith is lost  
is this what you call god?  
Get off your cross  
get off...

Connect each other for necessity  
lifelines scar my hands like the rest of me  
asked me to trust you and yes i tried to  
constant apologies caused me to lie too  
tried to medicate my hate with your magic  
how could something so sweet end up so tragic  
ressurrect me from this abyss  
in death every body function fails to exist  
false commitments tongues twisted with religion  
a heart shaped rock of the same size incision  
obsolete  
with no relief or release  
just insomnia filled nights  
of never ending...sleep

Is this what you call god?  
Your faith is lost  
is what you call god?  
Get off your cross

Split a piece of wood and i am there  
lift a stone and you will find me  
are you still scared?  
Sanctuary  
sanctuary  
sanctuary  
there's no sanctuary

Is this what you call god  
is this what you call... God  
is this  
is this  
is this what you call love  
get off get off

watch me  
get off get off  
watch me  
get off get off  
now watch me fall...  
I swallowed all your lies  
and they felt good going down...  
Death be not proud
