

Stick It To Me

My Ruin

It doesn't matter what I say
Doesn't matter what I do
I don't really give a fuck
About you
Nowadays it's all fake
Put some make up on your face
Lookin' like a fuckin' chick
In lipstick
There is nothing here for me
Dressed up in your new disease
Hollywood is full of shit
Don't ask me to seel my soul
I would rather be myself
You...do what you're told!

Stick it to me
I know you want to
Stick it in me
You know you're going to
Stick it to me
I know you want to
Stick it in me
You know you're going to

Take a picture if you need
While I bleed
What makes you think
That you know me
Dinner and an interview
But I'm not a fan you
At least I tell the truth
Damned if I do, damned if I don't
Damned if I will if I won't
Stab me in the back
And buy me one more drink
Suck my trust until I'm fucked
Then you can say you fucked me!

Stick it to me
I know you want to
Stick it in me
You know you're going to
Stick it to me
I know you want to
Stick it in me
You know you're going to

You're so sneaky
With you're surprises
You're so sweet
Underneath disguises
I can't wait
For you to criticize this
Don't think I don't
Know how big your knife is

Stick it in me

I know you want to
Stick it to me
You know your going to
Stick it in me
I know you want to
Stick it to me
You know your going to

You don't know me like I know myself
And I will never tell
You don't know me like I know myself
You can go straight to hell!
