Weightless

My Ruin

Talk to me, tell me I'm not skinny
But you think I'm so pretty
Most stars have to be thin of frame
You want to know how much do I weigh, what?

Weightless
You can't look at me
Faceless
So blind you can't see

Showcase it
We play for your ego
That follows me
Wherever we go, fuck

Weightless
You can't look at me
Faceless
So blind you can't see

What's my size? What's my shape
Look at me, I am raped
Anorexic or heroin chic
I'm no runway model because I fuckin' eat

Weightless
You can't look at me
Faceless
So blind you can't see

Insincerity, insecurity no integrity
There's no purity
I will not apologize for scaring you
You are everything wrong with America
