

Broken Land

My Sister's Machine

Feel the waste
It's cutting clean and building up
Ugly faces
Are turning blue and running out of luck
Leaders lie and people die
Many lost on broken land
Broken arms and bloody hands
Many dead on broken land
Love is dead
It's cutting clean and breaking away
Ugly faces
Are turning blue and running out of luck
Leaders lie and people die
Many lost on broken land
Broken arms and bloody hands
Many dead on broken land
