

I'm Sorry

My Sister's Machine

mother of invention
look what you've done to me
I had good intentions
but somewhere down the line...

she cut loose and made me
into what you see before you

oh God, I know you hate me
I don't deserve your love no more
oh God, I know you hate me
I just want to say I'm sorry

greed, envy and deception
what the hell was wrong with me
I had good intentions
but somewhere down the line...

she cut loose and made me
into what you see before you

oh God, I know you hate me
I don't deserve your love no more
oh God, I know you hate me
I just want to say I'm sorry
