

Monster Box

My Sister's Machine

I know a weapon
it's a new kind of pain
sex isn't freedom
it'll never be the same
it'll never be the same
I know a monster
it's a wicked disease
man is the victim
it's a pain he can never ease

it isn't beautiful anymore
sex isn't love this way

what are you doing
with this stupid human trick
sex isn't binding
and you're making it sick for me
you're making it sick for me
I know a weapon
it's a new kind of pain
sex is a monster
it'll never be the same

it isn't beautiful anymore
sex isn't love this way
