

Circle of Life (Ol' Skoo' Joint)

Mýa

It's just the beginnin' so relax and enjoy the ride
Live in the moment... We're gonna celebrate tonight
Long as the music's playin', we can get lost, kiss the sky
Turn up, the DJ blazin'
Don't you worry 'bout a thang
Problems leave 'em all behind

Ooh... Take me. I'm in the mood... blaze me
And feel the groove... gravy
And maybe me and you... can get crazy
And we can go

Inside out, upside down, left to right, 'round and round...
'Round and around we go (all night, all night)
Inside out, upside down, left to right, 'round and round
'Round and around we go (all night, all night)

Don't it feel amazin' to let go and just live your life?
And get a little crazy, yeah you know that it feels so right
Long as the music's playin', we can get lost, kiss the sky
Turn up, the DJ blazin'
Don't you worry 'bout a thang
Problems leave 'em all behind

Ooh... Take me. I'm in the mood... blaze me
And feel the groove... gravy
And maybe me and you... can get crazy
And we can go

Inside out, upside down, left to right, 'round and round...
'Round and around we go (all night, all night)
Inside out, upside down, left to right, 'round and round
'Round and around we go (all night, all night)

Losin' track of time...
(It's alright, alright, alright it's alright)
So let the music take your mind...
(Alright, alright, it's alright, it's alright)
Let's get the party started, everbody grab somebody
Let's get together and have a good night
(We gon' have a good night)
Let's get the party poppin' (Get it poppin')
Everybody movin' somethin' (Move your body)
Let's get together and have a good time

Ooh... Take me. I'm in the mood... blaze me
And feel the groove... gravy
And maybe me and you... can get crazy
And we can go

Inside out, upside down, left to right, 'round and round...
'Round and around we go (all night, all night)
Inside out, upside down, left to right, 'round and round
'Round and around we go (all night, all night)
