

## Patience

Mýa

It seems like everything these days  
Some moves in, so quick, so fast  
If I could help it end this life  
I want that special something,  
That someone to last.

We're both here, I know it ain't for nothing nothing  
Don't know what it is,  
But I know it's gon' be something, something baby!  
Just one step, and I'm caught up  
Just one look, you should know I like it  
I like it, yeah I like it  
But I already know what's up  
I could tell that you're dangerous, but I like it  
I gotta fight it, uuh, let's take our time, take our time  
(Take it slow, take it slow, take it slow, take it slow, take it  
slow)  
Just take our time, and we gon' find it  
(Let it flow, let it flow, let it flow, let it flow)

I see it, hits more that just one moment,  
Get to know me, I know you wanna touch & feel  
But now just help me, until we're ready  
Just one look, and I'm caught up  
Just one touch, patience, you should know I like it  
Yeah I like it,  
I already know what's up,  
Knew before you were dangerous, but I like it  
So we gotta fight this!  
Uuh, let's take our time, take our time  
(Take it slow, take it slow, take it slow, take it slow, take it  
slow)  
Just take our time, and we gon' find it  
(Let it flow, let it flow, let it flow, let it flow)  
Take it slow-oooow!
