

## Problem + Solution

Mýa

It's crazy how the things that bring the most pleasure,  
Cause the most pain

When we go, when we know, baby  
Just one drop of love in my cup I'm addicted  
And he knows he's got me adjust one, adjust one  
I don't know if I let you tell the story  
This love is killing slowly

Can someone, tell me soul, I can go, just let me go  
But it's my comfort, pleasure with pain  
Just like a drop that's lost on my vein, ah

Wish I could stop this world from spinning  
But I hear it up makes it go round  
You know you're no good for me baby  
You are the problem and the solution  
What do I do? eo, eo, eo, ah, eo, eo, eo, ah  
What do I do? eo, eo, eo, ah, eo, eo, eo, ah  
My friends ask me all the time why do I stay with someone who drains  
the life from me  
Cause your ways are just like a drug to a fiend  
Without you I feel so incomplete,

Can someone, help me call, with the reality  
But there's no hope,  
I'm just a girl so deep in love yeah  
.. I can do, worry to be so

Wish I could stop this world from spinning  
But I hear it up makes it go round  
You know you're no good for me baby  
You are the problem and the solution  
What do I do? eo, eo, eo, ah, eo, eo, eo, ah  
What do I do? eo, eo, eo, ah, eo, eo, eo, ah

Boy I tried everything to stop you from hurting me  
Ain't nothing setting me free, ooooh  
Wish I could stop this world from spinning  
But I hear it up makes it go round  
You know you're no good for me baby  
You are the problem and the solution  
Wish I could stop this world from spinning  
But I hear it up makes it go round  
You know you're no good for me baby  
You are the problem and the solution  
So tell me tell me what do I do?
