

## Take a Picture

Mýa

Sittin here thinkin bout yesterday  
And all the friends I've had  
Never ever thought that I would change  
But as I'm lookin back  
Feels like I'm growin up so damn fast  
Before I know it my futures now my past  
Like sand through an hour glass

I wanna take a picture so I remember this moment forever  
I wanna take a picture so I remember this moment together

Sittin here thinkin of my yesterdays  
Things weren't this crazy  
I wasn't so emotional  
I didn't cry at commercials  
Sometimes I feel like a mess  
And people laugh at how I dress  
And sometimes I act like an ass  
And watch sand through an hour glass

I wanna take a picture so I remember this moment forever  
I wanna take a picture so I remember this moment together  
I wanna take a picture so I can remember this moment forever  
(So I can show my children one day)  
I wanna take a picture so I remember this moment together

hey ey ey/hey ey ey forever/hey ey ey hey ey ey ever

I wanna take a picture so I remember this moment forever  
I wanna take a picture so I remember this moment together

I'm reminiscing and I'm missing my past (3x)

Ever, Forever, Ever, Forever (2x)

I wanna take a picture so I remember this moment forever
