

# Team You

Mýa

These snitches out here  
They don't get it, don't get it  
I'm just out here tryna get it and flip it  
But you the only one that got the same vision  
And respect my ambition  
Listen

They all tryna be on my team  
But I don't want 'em  
Said I'm out here  
Just tryna succeed  
But they don't wanna  
I only want you  
Baby, you know  
You know

Can't nobody else do it  
Like you do and make me feel this way  
And everytime I see your face  
Baby boy, I still be the same  
Uhuh uhuh uhuh

I'm team you, team you, team you  
I don't want nobody else  
Cause I'm team you  
Team you, team you  
They don't even understand  
What we been through  
Team you, team you  
Team you, team you  
I don't need nobody else  
Believe baby's on fleek  
Cause I'm team you  
You, you, you, you, you  
Said I'm team you  
You, you, you, you  
Them other dudes cool  
Cool, cool, cool  
Baby, you're all that I need  
So it's always gonna be  
Team you

These snitches out here  
They don't get it, don't get it  
I'm just out here tryna get it and flip it  
But you the only one that got the same vision  
And respect my ambition  
Listen

No matter where I am, boy  
You don't have to question  
No matter how hard they try  
No, they just ain't messing with you  
No matter where I am boy  
You don't have to question it  
No matter how hard they try  
Boy, they just ain't messing with you

Cause can't nobody else  
Do it like you  
Cause boy you changed the game  
Go getter, winner, over switcher  
Cause baby we're both the same  
That's why I only want you  
Baby you know, you know

[Chorus:]

I'm team you, team you, team you  
I don't want nobody else  
Cause I'm team you  
Team you, team you  
They don't even understand  
What we been through  
Team you, team you  
Team you, team you  
I don't need nobody else  
Believe baby's on fleek  
Cause I'm team you  
You, you, you, you, you  
Said I'm team you  
You, you, you, you  
Them other dudes cool  
Cool, cool, cool  
Baby, you're all that I need  
So it's always gonna be  
Team you

And that's just how I feel  
I feel about it  
You never stuck  
You're always real around me  
You ain't gotta worry  
If you low I got it  
And you would do the same for me (uhuh)  
Cause we always get by  
Eyes on this money (eyes on this money)  
Hustle on love (hustle on love)  
[?] my valley ([?] my valley)  
Part of my heart (part of my heart)  
We been doing it all on our own  
Out here for so long  
Imagine this with a team player  
Baby, we outta here. We gone

I'm team you, team you, team you  
I don't want nobody else  
Cause I'm team you  
Team you, team you  
They don't even understand  
What we been through  
Team you, team you  
Team you, team you  
I don't need nobody else  
Believe baby's on fleek  
Cause I'm team you  
You, you, you, you, you  
Said I'm team you  
You, you, you, you
