

You

Mýa

I didn't know you'd change my world around
When you came into my life I found
That what I've been searchin' for for years
Is standing right in front of me
Friend you were to me
Whenever you stayed up and talked to me
Now it's so hard to believe
That your here with me
Oh

You
Your that special one for me
It's you (You)
You have everything I need
In you
No one else can treat me like you
Do do do do do
That's why I'm here with you

Mmm
Yeah yeah yeah

The special bond that we share
Nothing else on this Earth compares
It seems like the flower continues to grow (Grow)
Blossom into something beautiful
I reach out my hand to you (I reach out my hand to you)
And hope one day you'll say I do (Say I do)
Anything (Anything)
Everything (Everything)
Hope for your love
