## **Circle The Sky**

## MyChildren MyBride

You made this bed with idle hands, tired hearts, and unwoken souls, our death is out new breath my coma is my life

Sleep on, dream on Circle the sky

I know you're better than this You're not the same as you were before, You've changed you're not the same

You're not the same as you were last night You've changed, you're not the same The I Love You's and goodbye huges, right out the door

I can't believe you did this to me
I can't believe it happened again
And I'll pass 10,000 just to be with you
And I'll pass 10,000 more for you by my side
With you by my side, how can you fail
With me by your side, how can you die
A murder, a modern day suicide
