

Useless

Myka Relocate

You have it all
But you don't feel a thing
And you never will
This is for the ones that are too blind to see
How much more of this bullshit
I am meant to take
I hope this blows up in your face

Sometimes, I wanna say
I wanna say what's on my mind
It must be hard to be the one
To be the one that lives this life
I am just watching you bury your life
Running your mouth all the time
Holding your demons inside

We draw the line
We got nothing to hide
If only, just for once
Put your ego aside
I have been trying to find
How you can justify
Being so useless

Carry yourself like it's a burden
Just to watch you succeed
You're just so full of it
I rather watch you bleed

Oh, I see how it is now
Bringing in your friends
Now, bringing in your family
You are the only that matters anyway, right?
Well, at least it's what you think

You are the reason that I fight relentlessly
Just bite your tongue
This is for the ones that are too blind to see

Too blind to see

Sometimes, I wanna say
I wanna say what's on my mind
It must be hard to be the one
To be the one that lives this life
I am just watching you bury your life
Running your mouth all the time
Only your fame is inside

We draw the line
We got nothing to hide
If only, just for once
Put your ego aside
I have been trying to find
How you can justify
Being so useless

Just feel it, just feel it
(Hey, hey, hey...)

Save me, save me if you got nothing to say
I draw the line on the person
You're supposed to be

We draw the line
We got nothing to hide
If only, just for once
Put your ego aside
I have been trying to find
How you can justify
Being so useless

You're so useless
