

A Little Bit

MYMP

I was kinda hesitant to tell you
Should I let you know
I was never really like this before
Need I say more

[REFRAIN:]

Or maybe I'm confused when you are near me
I don't know what to do or I should be
There's only one thing in my mind
That's you and me

[CHORUS:]

I'm a little bit of crazy
I'm a little bit of a fool
I'm a little bit of lonely
I'm a little bit of all
Oh, I need a cure
Just a little bit of you
And I will fall...

I'm always on a run to see you
Would you allow me to
It wasn't my intention to hurt you
This feeling is true

Or maybe I'm confused when you are near me
I don't know what to do or I should be
There's only one thing in my mind
That's you and me

[CHORUS:]

I'm a little bit of crazy
I'm a little bit of a fool
I'm a little bit of lonely
I'm a little bit of all
Oh, I need a cure
Just a little bit of you
And I will fall....

[Repeat refrain and chorus]
