

Every Little Thing (He Does Is Magic)

MYMP

Though I tried before to tell him
All the feelings I have for him in my heart
Everytime that I come near him
I just loose my nerve as I've done from the start

[Chorus:]

Cuz every little thing he does is magic
Every thing he does just turns me on
Even though my life before was tragic
Now I know my love for him goes on

Do I have to tell the story
Of the thousand rainy days since we first met
It's a big enough umbrella
But it's always me who ends up getting wet

[Repeat Chorus]

I resolve to call him up
A thousand times a day
And ask him if he'll marry me
In some old fashioned way

But my silent fears have gripped me
Long before I reached the phone
Long before my tongue has stripped me
Must I always be alone

[Repeat Chorus]

Every little thing
Every little thing he does
Every little thing he does is magic, magic, magic
