

## Every Little Thing (He Does Is Magic)

MYMP

Though I tried before to tell him  
All the feelings I have for him in my heart  
Everytime that I come near him  
I just loose my nerve as I've done from the start

[Chorus:]

Cuz every little thing he does is magic  
Every thing he does just turns me on  
Even though my life before was tragic  
Now I know my love for him goes on

Do I have to tell the story  
Of the thousand rainy days since we first met  
It's a big enough umbrella  
But it's always me who ends up getting wet

[Repeat Chorus]

I resolve to call him up  
A thousand times a day  
And ask him if he'll marry me  
In some old fashioned way

But my silent fears have gripped me  
Long before I reached the phone  
Long before my tongue has stripped me  
Must I always be alone

[Repeat Chorus]

Every little thing  
Every little thing he does  
Every little thing he does is magic, magic, magic
