

Get Me

MYMP

You know that you are always in my mind, in my heart, in my soul
And everywhere that I can think of

You know that I will always be just fine
I'm okay, I'm alright, I am superb
And everything that I can think of

[Refrain:]

But not really and I am sorry
'Cause you're not here, lying next to me

[Chorus:]

So c'mon and get me, get me, get me
Baby I'm yours c'mon and get me
You'll never be lonely, lonely, lonely
So baby... c'mon and get me

You know that I have always dreamed of you, only you, in the day, in the night
Every waking hour of my life

[Repeat refrain & chorus]

[ad lib]

[Repeat refrain & chorus]

You know that I will always be just fine
I'm okay, I'm alright, I am superb
And everything that I can think of

[Repeat refrain & chorus]

C'mon and get me, get me, get me
Baby I'm yours c'mon and get me
You'll never be lonely, lonely, lonely
So baby... c'mon and get me
C'mon and get me, c'mon and get me.
