Miracles Happen (When You Believe)

Myra

Miracles happen, miracles happen You showed me faith is not blind I don't need wings to help me fly Miracles happen, miracles happen

I can't imagine living my life without you now Not ever having you around We found our way out (On you I can depend)

Don't have to look back to realize how far we've come There are a million reasons
I'm lookin? up
I don't want this to end

Nothin', nothin' should ever bring you down Knowing what goes around will come around

You showed me faith is not blind I don't need wings to help me fly Miracles happen, once in a while When you believe (Miracles happen)

You showed me dreams come to light That takin' a chance on us was right All things will come with a little time When you believe

There is no question we found the missing pieces Our picture is complete It's fallen into place (It's fallen into place)

This is our moment, you and I are looking up Someone is watching over us Keeping me close Closer to you everyday

Nowhere, nowhere on earth I'd rather be No one can take this away from you and me

You showed me faith is not blind I don't need wings to help me fly Miracles happen, once in a while When you believe (Miracles happen)

You showed me dreams come to light That takin' a chance on us was right All things will come with a little time When you believe

When you believe The soul is a shining light When you believe The heart has the will to fight You can do anything, don't be afraid We're gonna find our way

You showed me faith is not blind I don't need wings to help me fly Miracles happen, once in a while When you believe (Miracles happen)

You showed me dreams come to light
That takin' a chance on us was right
All things will come with a little time
When you believe
