

## Dawn Within

Myrath

Freeze the summer sun  
Watch your words you know it hurts  
Go walk out the door

I was close to die  
From the pain inside  
Wandering in the dark

Brought me down  
Bleeding on my own  
Fighting to survive

Breathing hardly now  
I don't care I don't care  
Seeds of hate have grown  
Deep within my soul

Stop your lies

I was close to die  
From the pain inside  
Wandering in the dark

Brought me down  
Bleeding on my own  
Fighting to survive

I was close to die  
From the pain inside  
Wandering in the dark  
Brought me down  
Bleeding on my own  
Fighting to survive [x2]

Stop your lies  
Stop your lies  
Stop your lies
