

# Wide Shut

Myrath

My eyes wide shut  
Jumping in the void  
Falling so fast  
I touched the ground  
Not a solution just an escape  
I might awaken again  
Oh  
At least I have tried  
Made all I can  
Tried to fit the frame  
Incorporate the game

I never could incorporate this frame  
And I know  
I can run  
But never find the way out of here

Make up every lie  
Even when you're right  
Could not make it right  
Give up who I am  
Oh

I never could incorporate this frame  
And I know  
I can run  
But never find the way

Oh

I never could incorporate this frame  
And I know  
I can run  
But never find the way out of here
