

Yeah

So please don't look into my eyes
You might just see the other side
There lie some secrets deep in mine
"Can't you pretend it's all okay?"

But I know it's not what you wanted
And you just wrote this fuck and bought it
It's like I haven't got a clue, and
Yes, things just might be strange
Keep pretendin' it's okay

And my mind keeps on changin'
I've gone blind, I can see through
And my mind's fully fadin'
And I know this might seem strange
Keep pretendin' it's okay

You're probably right to think I'm mad
There's something 'bout it, but I tried
And we can't pretend it's all okay
What a nightmare that becomes
When the weigh-up is your guns

And I'm tryin' to leave you, let you choose it
'Cos you know I'm a bit confusing
And your investments be improvin'
The weigh-up's just the same
Keep pretendin' it's okay

And my mind keeps on changin'
I've gone blind, I can see through
And my mind's fully fadin'
And I know this might seem strange
Keep pretendin' it's okay

(My mind)
