

Get it Together

Mystery Skulls

I'm on the verge of giving up
Right on the edge just doing it
Wishing someone'd give me the answers
I'm gonna lose my fucking mind
Working so you could like this rhythm
Sing songs that make you wanna dance
Just want this room to come together
It feels like this could be my last chance

Gotta get my shit together
Because I'm on my way either way
Gotta get my shit together
[x2]

I got the whole world on my shoulders
Gotta rise above my present shit
Wishing my dreams were that much closer
I feel it more feel it more everyday

I can't fight this feeling
I can't look ahead
And there's no repeating
I don't know what I'm doing
I'm just-day-to-day
But here goes nothing
I'm doing it, doing it

Gotta get my shit together
Because I'm on my way either way
Gotta get my shit together
[x2]

Gotta get my shit together
Because I'm on my way either way
Gotta get my shit together
