

You got me sinkin' like a stone  
Feelings I never really know  
And I wanna say it's not my fault  
But I'd be lying (yeah)

And I can't see something (yeah)  
And my heart start racing  
And I got no [?] (yeah)  
I forget what I was sayin'  
I'm gonna make this so easy for you  
You gotta hear me out

Cause it's love you can do without  
And now try to hear me out  
You got me feelin'  
It's got me reeling  
So won't you take me back?

Feels like I'm in this all alone  
Silent shit man I'll never know  
You said your future  
Without me  
The bad news  
surrounded [?]

And I gotta say something (yeah)  
my heart start racing  
And I got no [?] (yeah)  
But I forget what I was sayin'  
I'm gonna make this so easy for you  
You gotta hear me out

Cause it's love you can do without  
And now try to hear me out  
You got me feelin'  
It's got me reeling  
So won't you take me back?
