

Hellbent

Mystery Skulls

I've been hellbent, babe
Hellbent on loving you all day long
Hellbent on drugs 'Cause they turn you on
Don't know what else to do
Mmm

I've been hellbent, babe
Hellbent on making you love me too
Even though now I've lots to do
I don't give a damn
Mmm

I've been hellbent, babe
(Been hellbent, babe)
Since too long, babe
(Since too long, babe)
My eyes wide shut
(My eyes wide shut)
And I feel your touch
(And I feel your touch)
Oh, I'll prove you wrong
(Prove you wrong)
You make me strong
(You make me strong)

Said all I need is
All I need is
All I need is you
