

## Hellbent

## Mystery Skulls

I've been hellbent, babe  
Hellbent on loving you all day long  
Hellbent on drugs 'Cause they turn you on  
Don't know what else to do  
Mmm

I've been hellbent, babe  
Hellbent on making you love me too  
Even though now I've lots to do  
I don't give a damn  
Mmm

I've been hellbent, babe  
(Been hellbent, babe)  
Since too long, babe  
(Since too long, babe)  
My eyes wide shut  
(My eyes wide shut)  
And I feel your touch  
(And I feel your touch)  
Oh, I'll prove you wrong  
(Prove you wrong)  
You make me strong  
(You make me strong)

Said all I need is  
All I need is  
All I need is you
