

Keep It Together

Mystery Skulls

I might be crazy
I'm stuck in my mind
I woke up hazy
I'm feelin' like my home was cavin' in
I need to start again

I said baby, I think I'm losin' it
Been thinkin' crazy
I feel like I just need some more time
To think it over with you

Keep it together
It's all in my head
Keep it together
That's what she said

I'm makin' changes
Onto my life
Just rearrangin'
Thinkin' I just need to make it work
It doesn't matter how

You don't make me
Even though you think you do
And I'm actin' crazy
Baby, I just need to get away
I need some space from you

Keep it together
It's all in my head
Keep it together
That's what she said

I don't really give a damn
I don't really give a damn
What happens to you

Keep it together
It's all in my head
Keep it together
That's what she said
