Church of sacrifice

Dark rituals at a place of horror In satan's name sacrifices were made On an altar of the dark side On the eighth day god created hell

Church of sacrifice Reeks of pestilence and death Church of sacrifice The victim's flow of blood will cease Church of sacrifice Reeks of midlew and decay Church of sacrifice In the name of the anti-god

The skies will burn The sign of evil The garden of eden Will turn to dust

Church of sacrifice Reeks of pestilence and death Church of sacrifice The victim's flow of blood will cease Church of sacrifice Reeks of midlew and decay Church of sacrifice In the name of the anti-god

The lies in the name of the church They have been uncovered all The demon lives among us And feeds on the souls of the damned

A battlefield of sin Everything is soaked with blood The last war Between angels and demons
