

# Thorns of Lies

Mystic Circle

"God tonight your holy temple will be destroyed"

Died on the cross for all human sins  
Called himself a hero arrogant nazarene

Controlled by the darkness lost by the power of god  
A puppet in Satans hand lead us in false promised land

Blinded mankind by wonders cheap tricks were his game  
Sucked out the innocent victims used poor peoples pain

The holy ghost burnd in hell holy father too  
Under the regime of Satan devote slaves for you

Fuck the christians stupid spirits  
Thorns of lies in the blooded head  
Drive the nails deeper in the flesh  
Turn the gross into a crooked

"As he hung there on the cross  
an erge to lick the cock of christ  
to drink the sperm for Satan  
whore Maria si my name"

The mother of all innocence  
A ridicolous bitch she was  
Blinded by the holy god  
Fucked in the name of Satan

As I bore the Satans child  
No god has saved ist soul  
His christian preach all was a lie  
To iritade humanity

In the second of the dead  
Jesus spit on god  
Swor to fight the heaven  
With sadistic war

"Oh my father whitch you live in hell  
hallowed be thy name  
come to take my soul tonight  
spread your massive kingdom"

Deamons awake in the heart of Jesus soul  
Lust in his eyes as he saw Maria  
With obsessed eyes he tried to catch her body  
And then a roman pailed him in his heart

In the hall of the dead ones  
Satan craped his soul  
And then fallen angel  
Take his body down
