

# Damnation And Darkness

Mystic Prophecy

He was born again  
Living forever in time and space  
Master of darkness  
Servant for none  
His eyes the fire  
A soulless being cursed  
By sunlight  
Excelled by the embrace  
Of the night

In the name of fire  
Is the secret of hell  
In the name of fire  
In damnation and darkness

Hunted by his sins in the past  
Now he is back to destroy them  
As old as the evil  
Wicked like sin  
We kneel by the force  
He was the power

In the name of fire  
Is the secret of hell  
In the name of fire  
In damnation and darkness

Damnation darkness
