

Eternal Flame

Mystic Prophecy

Now I return and I bring you my curse
Pain and death, the scars in me are yours
Look into my eyes and my blood drains down
And becomes ice
Then you'll know I'm back again

But then it will be too late for regrets
You have to exorcise me with my enemy's blood

Every drip of blood...a new pain
Every secret dream...a new horrible death

Eternal flame
Now you can feel my pain
Into the edge of the night
Eternal flame
Now you are burning for me
Into the edge of the night

Look up
And when you see the sky
Getting darker then you'll know it's time

Every drip of blood...a new pain
Every secret dream...a new horrible death

Eternal flame
Now you can feel my pain
Into the edge of the night
Eternal flame
Now you are burning for me
Into the edge of the night

Eternal flame
Now you can feel my pain
Into the edge of the night
Eternal flame
Now you are burning for me
Into the edge of the night
