The Crucifix

Mystic Prophecy

Mirror mirror on the wall Under the touch of evil god I'm falling into sadness My soul will bleed in blackness Evil evil in my dreams Lacerating faces I hear scream The devil in me is calling Blackend souls in fire burning.

And all the angels singing And will sacrifice All my bridges burning The blood moon will arise.

Mirror mirror on the wall All the preachers kneel and pray to god From beyond the beast is calling Six6 Six6 Six6... Crucifix Screaming angels skies are burning All the preachers kneel and pray to god Sacrifices the world keeps turning Six6 Six6 Six6... Crucifix.

Preacher teacher devil's son Te touch of sin in flames now you will burn Ashes of eternity Shadows of my past are killing me.

Mirror mirror on the wall All the preachers kneel and pray to god From beyond the beast is calling Six6 Six6 Six6... Crucifix Screaming angels skies are burning All the preachers kneel and pray to god Sacrifices the world keeps turning Six6 Six6 Six6... Crucifix.
