Mystikal

Still Smokin Bud, Still Smokin Weed  
King Edward, Philly Blunt, Swisha, keep groovin, Tampa Sweet, good ol  
Optimo, easy water, joker

My lips get black and my fingertips burn and my eyes half way open  
Cough Cough and I'm chokin  
But bitch I'm Still Smokin!  
I wanna be puffin this like I ain't be worryin bout nothin  
If you gonna get the cigar  
Nigga I'll do the stuffin  
I roll em swoll like broken arms  
But I sure hate when they come around this bitch I don't know talkin  
bout  
What chall smokin on cause  
Niggas like that we call em Hoovers  
They try to get cool with ya  
To smoke your weed up  
Is what they do ya  
Puff Puff Puff Puff Godammit!  
Nigga you ain't chip in no shit here  
Bitch What's Happenin!  
But if you did then its good and it goin down  
Get rid of them nickels and them dimes  
Bitch we throwin pounds!  
Tenth thru 11th to the 12th ward bound  
But P said one of my niggas I heard somebody say  
One Time!  
But I paid it no mind and I kept rollin  
But that was the Po Pos  
I gotta get rid of this fat ass Optimo that I'm holdin  
Excellerate and I made that left on line center  
I hit that bitch one more time  
Then threw it out the window  
Young niggas in a big white truck  
You know whats up  
They're lookin to catch you fuckin up  
It just so happened that I was hot  
They looked in the back on the floor  
And the silver canon and they found the pot  
I can't believe that I got popped  
It took me 2 hours and 1500 dollars  
To get unlocked  
Straight from jail to the weed spot  
Shit I took that as a minor setback  
Hell no I ain't stop!  
And I'm  
Still smokin bud  
Still smokin weed
