

A Song By The Way

Mythos

A man with a battle within his sould rides in a carriage pulled by two horses, that both pull to opposite directions. The other is incontrollable. They are the Spirit and the Soul... Chorus: The driver struggling forever in reins. Embodiment of sense. Right to a soul hard to reach. Possible, if just a man can persuade the Lion in Himself to help, to keep the Dragon in control. The spiral`s continous twists and turns have a mystic meaning attached to the Fate of Soul. Keep the Lion and the Dragon...

Repeat Chorus: Repeat 3rd verse.
